

Monitor Qx...One Touch Security

# One Touch Operation

A revolutionary security solution that offers:

- No PIN# Entries To Remember
- Automatic Security Selection
- Protection For Homes and Small Businesses
- Arm and Disarm With One-touch To The Keypad

Monitor Qx is a simple, yet affordable one-touch protection solution for your home or office. It's a security system with the power to protect in one easy step. Chubb has created a product so unique that it eliminates the complexity of the arming and disarming process. The quick touch of the electronic key activates the system reducing the need for user codes, keypad entries or PIN numbers.

Back-Lit Code Entry Keys

## Choosing the Solution

Chubb offers several security solutions to accommodate your home or business' particular need. A control panel and keypad connect to specialized devices designed to detect unauthorized entry. Types of devices include concealed door and window contacts, motion sensors, and glass break detectors. Smoke and fire detectors can also be integrated into your security solution. This equipment forms the backbone of your protection and can be integrated with other hardware available through Chubb. Signals from all detection devices can be monitored 24 hours a day, 7 days a week.

## Residential Security Considerations

### *Smoke and Fire Detection*

Monitored smoke and carbon monoxide detectors ensure that emergencies receive immediate response – even when you are not there.

### *Lifestyle Solutions*

Security devices are available to accommodate the needs of all types of homes, businesses and cottages. Panic buttons can be installed to enhance personal safety. Pet immunity devices allow for the movement of pets through armed areas. Keyfobs reduce the need to remember PIN numbers and codes.

### *Secured Communications*

A variety of technologies are available for communicating signals to and from dedicated Monitoring Centres. These include digital, cellular and encrypted security communication. Chubb can help you in the choice that is appropriate for you.
